

April 1 CCD Announcement: of 4/20 Safety Awareness Month

Greetings from the Cannabis Control Division!

No, this is not an April Fool's joke; **4/20** is just around the corner!

The Cannabis Control Division (CCD) would like to provide safe strategies for celebrating 4/20 this year. During the month of April, we will be providing information each week on how to celebrate lawfully and safely.

We would like to remind those participating in 4/20 related events that public consumption of marijuana and marijuana products remains prohibited in the state of Montana.

At the Cannabis Control Division, our mission is to ensure the health and safety of all Montanans through fair administration, education, and enforcement of the Montana Marijuana Regulation and Taxation Act (MMRT). The public's health, safety, and well-being are always our top priority.
